Fig.18 (Brushing & washing hand by Student at Poutrom Thmey PS)

Due to every school's schedule of oral health education, we have followed up their activities basing on their schedule which most of the school select Thursday to implement Oral Health Education class, so that just only brushing activities we could motion if it is not fall on Thursdays!

Note! This school used to be provided soap and how to wash hand by Japanese Businessman

(Mr. Pony & Mr. Shida).

IV. Community Project

A. Health Center Education and Training

No	Health Center Name	Date	Number of HC Staff Participated	Number of TB & TP Provided	Number of Flipchart Provided	Number of Dental Model Provided
1	Ou Am HC	08 th - Jan		100	2	1
2	Keo Seima HC	08 th - Jan		100	2	1

OISDEC staff provided Oral Health Education by flipchart to HC staff in order to ask them to promote and share the knowledge to their community. Our DCAs have already been known by targeted HC when they came up to HC with identification letter from PHD. DCAs required working at HC a day per week and as for the schedule, HC director could have authority to ask them to change to fit with HC schedule.

V. Other

I have a meeting with Japanese Businessman, Mr. Pony, Mr. Shida & Mr. Sasaki in Phnom Penh related to Soap donation to our targeted school in MDK. They would like to buy natural honey from MDK in order to make Soap and import it to Japan. I have talked to them if they would buy it from our DCA, it might be useful for DCAs and their company because our DCAs could make small money beside working with us and Japanese side also could get a better price and honey than the one that they could find in the market!

They said that if it is fine for OISDE, they would like to donate some Soap to one more school in MDK in February and to make agreement with our DCAs related to honey selling.
